SUBJECT: Federal Reserve is prepared to expand the Term Asset-Backed Securities Loan Facility (TALF).

HIGHLIGHTS: The Federal Reserve Board on Tuesday announced that it is prepared to undertake a substantial expansion of the Term Asset-Backed Securities Loan Facility (TALF). The expansion could increase the size of the TALF to as much as $1 trillion and could broaden the eligible collateral to encompass other types of newly issued AAA-rated asset-backed securities, such as commercial mortgage-backed securities, private-label residential mortgage-backed securities, and other asset-backed securities. An expansion of the TALF would be supported by the provision by the Treasury of additional funds from the Troubled Asset Relief Program.
